BHANI BLUEPRINT™

Why Technology Alone Isn't the Answer

Many medium-sized organisations are feeling stuck. Despite investing in software and systems, things still feel manual, clunky, or disconnected. Teams are overloaded. Leaders are unsure where to start. And too often, projects are reactive—driven by tech, not strategy.

What We're Hearing from Leaders Like You

"We've invested in systems, but they aren't talking to each other."

"Staff are still using spreadsheets to get basic work done."

"We're not sure what to prioritise next."

"Vendors are selling solutions, but we need clarity first."

Imagine Knowing Exactly What to Do Next

Picture your organisation with a clear, practical roadmap:

- Everyone aligned around shared priorities
- Manual work reduced across departments
- The right projects sequenced over 6, 12, and 24 months
- A confident plan that connects your tech to your strategy

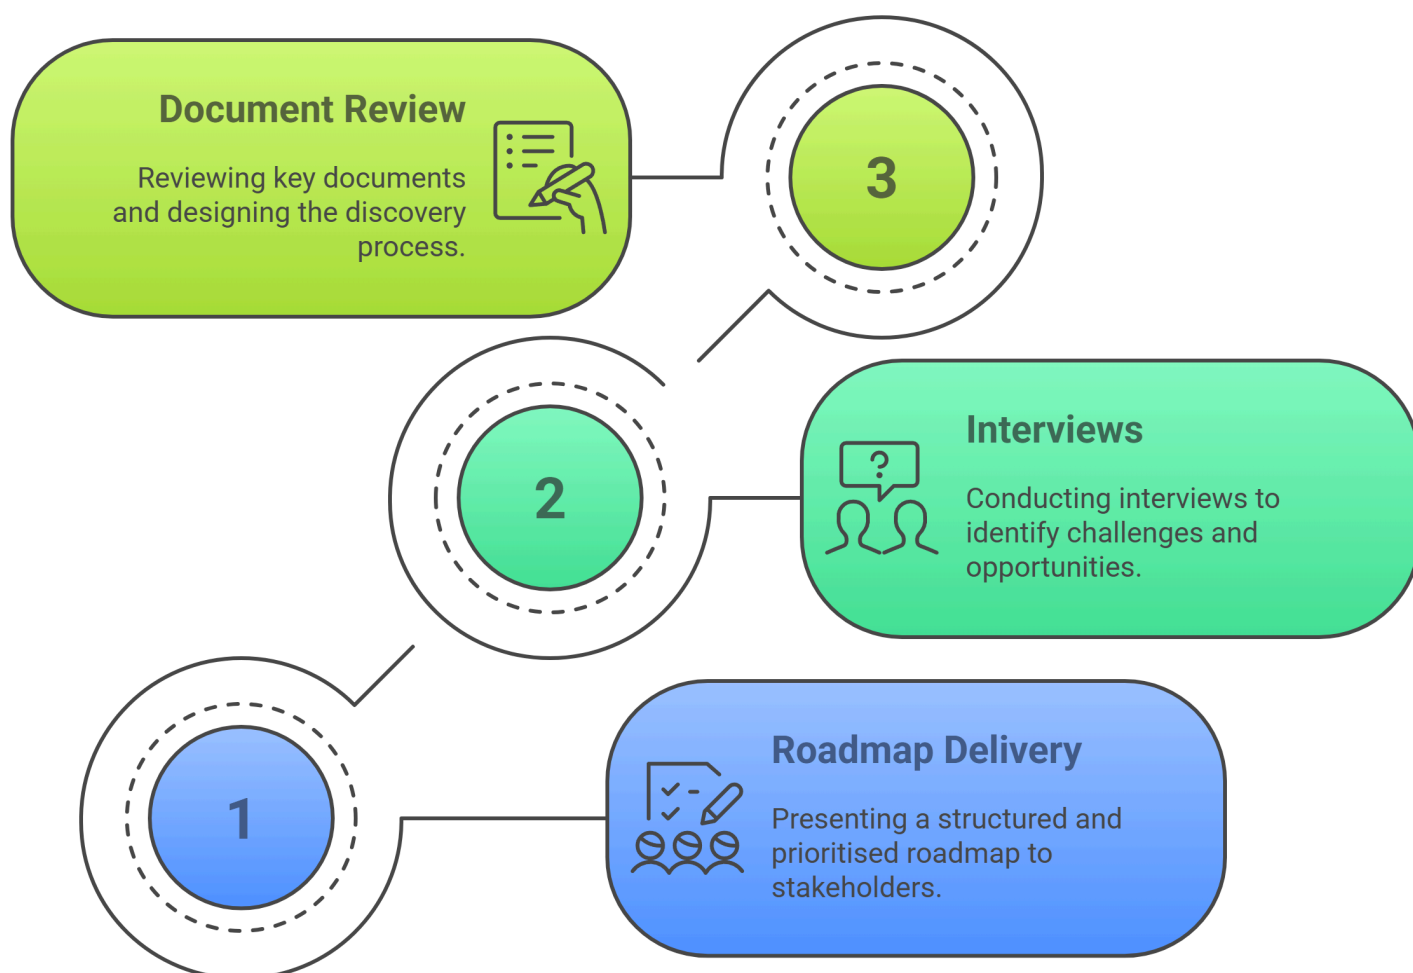

Introducing the 3-Week Digital Roadmap

Our roadmap engagement is short, sharp, and powerful. In just three weeks, we help you uncover what's holding you back and show you how to move forward—strategically and confidently.

We don't sell software. We don't push vendors. We think on your behalf.

Steps to Achieve Business Roadmap

How It Works – A Collaborative, Proven Process

Week 1: We review key documents and design the right discovery process for your business.

Week 2: We meet with your leaders and staff in focused 1-on-1 interviews to identify real challenges, themes, and opportunities.

Week 3: We deliver your roadmap—clearly structured, prioritised, and backed by insight. We walk it through live with your executive team.

What You'll Receive

1. Executive Roadmap Deck:

- Clear picture of your current digital landscape, including critical challenges, opportunities, and strategic themes.
- Your 6, 12, and 24-month roadmap with sequenced, actionable priorities.
- Delivered in a live executive session to align leadership, create momentum, and guide informed decisions.

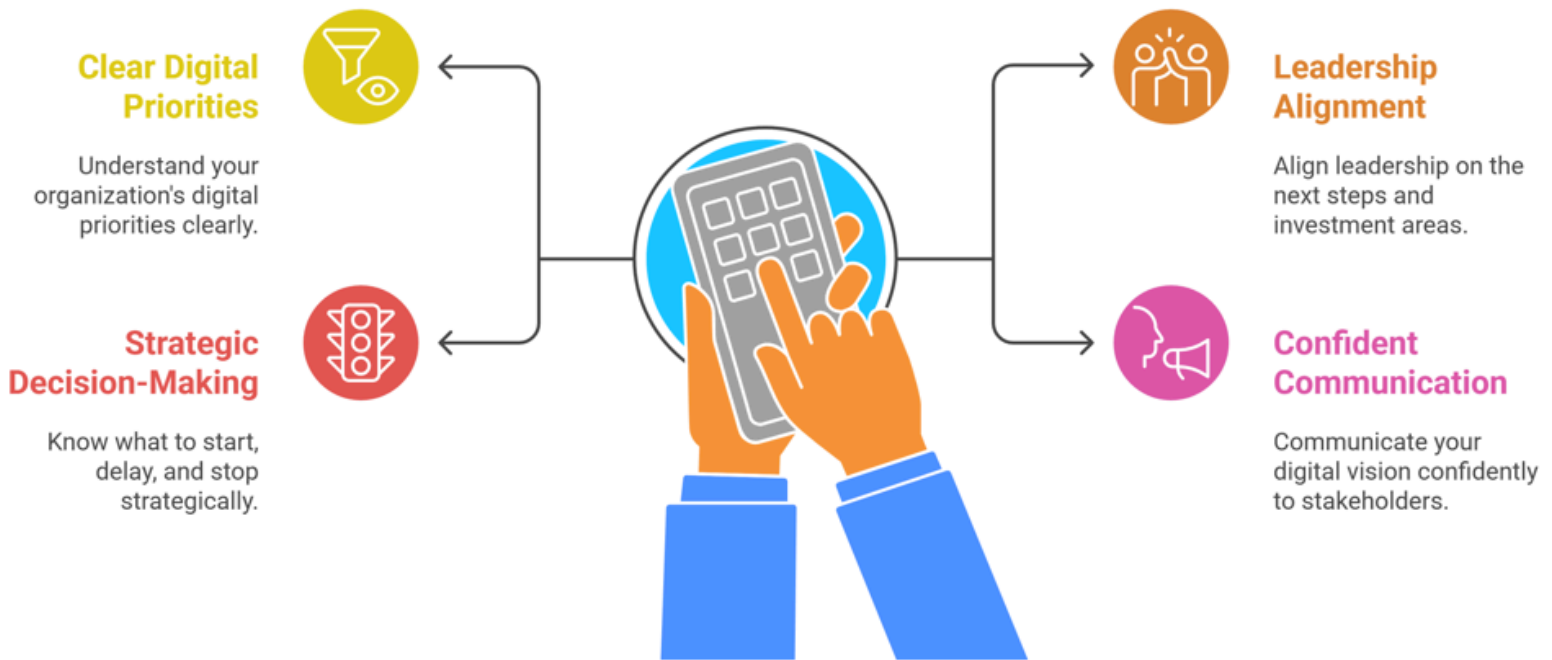

2. Full Diagnostic Report:

- Evidence-based analysis of system gaps, process inefficiencies, and stakeholder concerns.
- Risks to manage, enablers to activate, and clarity on which efforts will deliver highest value.
- Clear rationale behind every recommendation, so you understand the 'why' behind the 'what.'

After this engagement, you'll be able to:

- Clearly see your organisation's digital priorities.
- Align leadership on next steps and investment areas.
- Know where to start, what to delay, and what to stop.
- Confidently communicate your digital vision to executives, boards, and teams.
